## Airliner Crashes into Homes; 28 Killed, 5 Are on Ground

CRASHED AIRLINER EXPLODES, BURNS THROUGH HOMES—Flames from an explosive, gasoline-fed fire burn through a house (left) after a Buffalo-to-Newark airliner, carrying 23 passengers, speared into it and exploded against another dwelling in Elizabeth, N. J. Police said the total dead may reach as high as 37. Among the passengers killed was former United States Secretary of War Robert P. Patterson. The twin-engine American Airlines Convair, lost in the fog and rain, crashed less than half a mile from the spot where 56 persons were killed in the crash of an airliner last Dec. 16.

(International Soundphoto)

ELIZABETH, N. J., Jan. 23—(AP)—A fog-bound American Airlines passenger plane, groping its way into Newark Airport on instruments, nose-dived into a residential area late Tuesday afternoon and brought flaming death to its 23 occupants and five other persons.

Robert P. Patterson, 60-year-old

former secretary of war, was one of the plane's victims.

The silver, twin-engine Convair, inbound from Buffalo, hurtled into a three-story frame apartment building and exploded in a mass of leaping, orange flame that enveloped two nearby dwellings.

A mother and her two children

were killed as their home collapsed about them in a hurricane-like blast. A third child, trapped in another building, and an unidentified person also died in the flames.

Eleven persons were injured, including nine occupants of nearby homes. Also hurt were a fireman and a rescue worker, who joined disaster units at the scene, just 2.8 miles from the airport.

FOR 90 MINUTES, no one could get near the raging inferno, where the 18 passengers, three crew members and two company personnel aboard the plane were burned beyond recognition.

Clouds of steam and smoke blanketed the area, which is less than a mile from the spot where a Miami Airline plane crashed in the shallow Elizabeth River 38 days ago, killing 56 persons in the nation's second worst commercial plane disaster.

The Tuesday crash brought immediate demands from New Jersey's two U. S. senators and a congressman for a full investigation of the plane and Newark Airport facilities.

Mayor James T. Kirk said this city of 112,000, about 12 miles southwest of New York City, has been living under an "umbrella of danger" and that Newark Airport should be relocated "regardless of cost."

Positive identification of Patterson—the first of the dead named here—was made through dental charts.

President Truman described him as "a great American and a great public servant."

WHENEVER his country called, he answered with unreserved service and he brought to every post rare judgment, understanding and energy," the President said.

Patterson, under secretary of war throughout World War II and secretary from September, 1945, until July, 1947, had been in Buffalo for a federal court case. When the case ended sooner than he had expected, Patterson made a last minute switch from train reservations to the airliner.

The plane had started its land.

## Farmer's Fleece Finances Fling

GRANBY, Que., Jan. 23—(AP)—George Dubois, 26, gave terrific parties and handed out \$50 tips when he bought cigars. Folks around here called him "the millionaire of Granby."

On a trip to England in 1950 he handled money in such a way that one newspaper called him "the most generous man in the world."

Police arrested him Tuesday, said all his high living and generosity was financed by fleeing \$87,150 from a farmer Adeodat Marquette, 55.

## Lover Changes Will Before Execution

## Randi's Change of Heart Is Costly

MEDINA, Jan. 23—(AP)—Randi Mast was deeded a \$22,000 farm by the man who plotted her husband's murder, but lost it and an additional \$24,000 because she wrote the governor she wanted him electrocuted.

Henry Larabee, attorney for Max Amerman, who died Nov. 15 in the electric chair, disclosed that his 27-year-old client told Mrs. Mast's name off his insurance policies after learning the 24-year-old Norwegian war bride had asked Gov.

## DiSalle in Race For Senate Seat Held by Bricker

Ohioan To Resign As Price Boss To Get into Campaign

WASHINGTON, Jan. 23—(AP)—Michael V. DiSalle announced Wednesday he will quit as price boss to run for the United States Senate in Ohio.

DiSalle would seek the Democratic nomination. Sen. John Bricker, Republican, comes up for reelection this year.

And on another political front, observers look for Sen. Estes Kefauver of Tennessee to flip his coonskin cap into the ring sometime Wednesday afternoon in a formal bid for the Democratic presidential nomination.

DiSalle told a news conference the date he leaves the Office of Price Stabilization will be determined later. He said he might remain for some time, probably until President Truman names a successor.

DiSalle made the announcement after he had talked with the President in the White House for some 50 minutes.

DiSalle had arranged to announce his future plans Tuesday. But at the last moment he agreed to a request by Roger L. Putnam, chief of the Economic Stabilization Agency, to postpone the decision 24 hours.

Late Tuesday, DiSalle told reporters he still could not make up his mind whether to seek the Democratic nomination in Ohio May 6 for the Senate seat now held by Bricker.

He said there had been pressure from Democratic leaders in Ohio to make the race and from administration leaders in Washington to stay on the job as price chief, temporarily at least.

As for Kefauver, the lanky one-time chairman of the Senate Crime Investigating Committee scheduled a news conference for late Wednesday and said nothing in advance to knock down reports he would announce his candidacy.

"I definitely am going to disclose my intentions," Kefauver said.

Supporters already have entered Kefauver's name in the April 8 Illinois presidential primary, where Sen. Brien McMahon, Connecticut Democrat, also will be a contestant.

Noting McMahon's entry in that primary, Kefauver commented, "competition is a fine thing," and said the development "should make for a race in fine spirit."

Reports persisted that McMahon was in the Illinois race as part of a move by backers of President Truman to counter Kefauver.

But Mr. Truman still is keeping everybody guessing on whether he will seek another term.

## Reds Now Filtering Into Ohio Factories

COLUMBUS, Jan. 23—(AP)—A former party member testified Tuesday Communists are getting jobs in hundreds of Ohio factories, so they can commit sabotage in case of war with Russia.

Charles Baxter of Cleveland told the Ohio Un-American Activities Commission the Communist workers are being sent from New York, because they are less likely to be known as Communists than Ohio party members.

Baxter, a Communist from 1927 to 1945, now advises the Federal Immigration Service and Justice Department on Red affairs.

"You've got to win over the trade unions to your position," Baxter told the commission. "They (the trade unions) are on your side. They have been fighting the Communists in the CIO and longer in the AFL."

## Hermit's Secret Out; He's Plain Scared

DETROIT, Jan. 23—(AP)—For two years now Adam Kujak, 70, has been living in a packing box in a desolate stretch of weeds on the outskirts of Detroit.

A fire in front of the shelter keeps him warm. Sometimes he watches the sky with a frightened look. Most of the time he watches the fire. Asked why, the bearded, brooding figure answered:

"War 'come. Bomb. Noise. Afraid. Safe here. Maybe."

## Colder Weather Faces Midwest

Sub-zero Blast Hits Wide Area

CHICAGO, Jan. 23—(AP)—Sub-zero cold spread over wide areas of the Midwest Wednesday as wintry weather of snow, ice and strong winds hit areas from the Rockies to New England.

The Dakotas and Western Minnesota dug out from a blizzard that nearly paralyzed transportation. Snowplow crews worked overnight in the biting cold to open the wind-drifted roads of packed snow in the blizzard belt.

It was 30 degrees below zero in Grand Forks, N. D. Minnesota reported readings of -20 and it was -12 in Iowa. No immediate relief from the icy blasts was in prospect.

Ohio was beginning to feel the wintry blast. The weatherman said the mercury would drop Wednesday night to zero or below. He gave little hope there would be relief before Friday.

THE ARCTIC air from Western Canada that hit the Northern Rockies and Northern Plains pushed across the continent. It was cold southward to the Gulf of Mexico and eastward to the Appalachians.

Winds, which reached velocities of more than 50 miles an hour in the Dakotas and Minnesota, diminished as the blast of sub-zero cold struck. Schools were closed in hundreds of communities.

Northern California was freeing itself further from the worst snowstorm in a half century which hit the area earlier this month. But a forecast of warm rains appeared as a possible threat to heavy run-offs from thaws in the snowpacked Sierras.

## 'Booby Trap' Mailer Held

DENVER, Jan. 23—(AP)—Donald R. Rankin, 27, has been arrested here on a charge of mailing a dynamite "booby trap" to a Bowling Green, O., man.

Postal Inspector R. B. Dunbar accused Rankin of mailing a package containing 15 sticks of dynamite—set to explode when the package was opened—to Douglas McCray, a 27-year-old Bowling Green truck driver, early this month. McCray took the package to authorities unopened.

McCray said he did not know Rankin, but had dated Mrs. Rankin in 1944 before she was married. He said the future Mrs. Rankin then was attending Bowling Green State University. He said he had not seen her since.

Dunbar also accused Rankin of going to McCray's home in Bowling Green last Dec. 8 and firing four shots at him. One bullet hit McCray in the shoulder.

The package containing the dynamite was mailed from Cheyenne, Wyo. It was preceded by a letter, also from Cheyenne, and purported to be from the FBI. The letter told McCray he would receive a package containing pictures of a man suspected of shooting him.

Chief beneficiaries of the insurance are the Medina County Hospital, \$5,074; Medina County YMCA and YWCA, \$3,360 each; and Mrs. Dorothy Howard, a Cleveland cousin, \$9,000. A \$3,360 allotment was put in a trust fund for religious work.

## Routed Students Are Getting Gifts

WILBERFORCE, Jan. 23—(AP)—Dr. Charles H. Wesley, president of Central State College, has reported receipt of more than \$1,100 in cash and considerable clothing as donations to 53 fire-routed Central State students.

A fire destroyed one of Central State's barracks-type dormitories Jan. 16. The fire also destroyed clothing and personal possessions of 53 male students housed in the dormitory.

Dr. Wesley said Ohio University students in Athens contributed \$500 in cash and a full carload of clothing.

FIREMEN BATTLED A STUBBORN wind-swept fire for more than three and a half hours Wednesday morning at the Keller Machine Shop, behind owner Richard Keller's home on 321 Western Avenue. Keller said that he was cleaning some machine parts in a solvent when it caught fire shortly after 10 o'clock. Firemen, shown above, hampered by high winds and heavy smoke, were able to save half of the shop, but Keller lost a 1939 Chevrolet and machinery valued by him at around \$5,000.

(Record-Herald photo)

## County Road Program Cost about \$229,000 Here During Past Year

County Engineer Charles Wagner got a real workout during his first year in office.

His department inherited a county full of road headaches, brought on by the big blizzard which swept this county in November of 1950.

And County Engineer Wagner found that he had to plunge in with both feet into one of the biggest road repair programs ever undertaken in Fayette County.

AT THE YEAR'S end Wagner's books showed that his office spent about \$229,000 on the road repair program and for normal repairs which had to be effected during the year.

It wasn't until Tuesday afternoon that Wagner had time to add

up the total of all the work completed during the year.

And the results are impressive. With the county's roads cut up by the freezing and thawing during the severe winter, the county engineer crews had to patch 262 miles of roads.

One hundred and 12 miles of roadway were covered with asphalt, tar and lime stone chips. A total of 550,000 gallons of bituminous materials were used for the surface treatment.

Six thousand two hundred tons of crushed limestone were applied to traffic-bound stone roads in the county system. This total also includes that which was applied at mail box locations and drive-ways on county roads.

To prevent surface water from remaining on pavements and ruining roadways, the county engineer's department has also undertaken to make a complete survey and inspection of all bridges and culverts in Fayette County. The project was started in 1951 and should be completed sometime early this spring.

County Engineer Wagner said that it will be difficult to determine how permanent some of the damage from the 1950-51 winter will be. In fact, Wagner pointed out, it may be two or three years before the extent of the damage can be properly gauged.

Meantime, the engineer's office here is making plans to go ahead with repairs to county roads this spring—a customary procedure.

County Engineer Wagner said his crews would start to work this spring, as soon as there was a sufficient break in the weather.

He indicated that some chuckholes were showing up in county roads and would have to be repaired as soon as the weather cleared up sufficiently.

Wagner said his road repair crews will get a lot of help from the use of a Galion Road Grader, which was delivered about two weeks ago. It cost \$11,600 and has a 9-foot blade, which makes its use adaptable to both grading jobs and clearing roadways of snow.

Wagner said his department has another grader like the new one which was recently delivered to this county. Both of the graders can be used for pushing snow plows.

## Heir to Jell-O Fortune Leaps To His Death

ROCHESTER, N. Y., Jan. 23—(AP)—Orator F. Woodward, 66, heir of the Jell-O millions, leaped to his death Tuesday from a window of his \$1,600-a-month suite on the eighth floor of the Hotel Sheraton.

His nurse, Mrs. Jane Lyman, said he had been suffering from asthma. Coroner Cornelius P. Danahy gave a verdict of suicide.

## Truce Outlook Gets Darker as Talks Continue

End of Korea War Probably Far Off, Brass Concedes

MUNSAN, Jan. 23—(AP)—Staff officers have arranged to protect Allied troops in prisoner of war camps from air attack.

Agreement was reached as the United Nations Command acknowledged Allied planes last week inadvertently dropped a bomb near Kaesong, Red truce headquarters, and may have strafed a Communist armistice convoy.

Communist officers have agreed to supply a map marked with the exact location of the 11 POW camps in North Korea. It also will show a camp where non-Korean civilians are interned.

Communists also agreed to mark these camps so they may be identified from the air by daylight, but they refuse to light the camps at night as the UN asked.

Armistice negotiators failed again to make any progress. The UN's Adm. R. E. Libby commented "it looks like a complete stalemate" ahead.

IN WASHINGTON, officials said the United States and its allies are determined to exhaust every reasonable means of obtaining an agreement on an armistice.

They expressed hope that the present prolonged deadlocks over the airfield and prisoner-of-war issues eventually would be resolved. They said they definitely would be if the Reds sincerely wanted to end the Korean fighting.

These authorities conceded, however, that the negotiations which began more than six months ago may drag on for many more weeks.

Meanwhile, Allied jets shot down two Communist Mig-15s over Northwest Korea, probably destroyed another and damaged a fourth.

The U. S. Fifth Air Force said films showed that one Red plane listed earlier as a probable definitely was destroyed.

The Russian-type Migs were out in force all day Wednesday, but there was only one aerial battle. Allied pilots said the Migs fled across the Yalu when the U. S. F-86 Sabrejets headed toward them.

Scattered fighting broke out all along the frozen 145-mile ground front. The heaviest engagement was on the central front where an ambushed Allied patrol fought a brief engagement with an unknown number of Reds.

## Influence Seeker Convicted by Jury

DAYTON, Jan. 23—(AP)—A federal court jury Tuesday convicted Lawrence A. Razete, Cincinnati businessman, of giving \$900 and a radio to an Air Force buyer to influence award of contracts to his company, and conspiring with the buyer to defraud the government.

Razete and Luther M. Kratz, a former Wright-Patterson Air Force Base buyer who pleaded guilty to accepting the gratuities and conspiring with Razete, will be sentenced by U. S. District Judge Robert R. Nevin Tuesday. Kratz was a government witness at Razete's trial.

They face possible sentences of three years in prison and fines of \$10,000 on each of four counts of giving or receiving gratuities, and five years in prison and \$10,000 on one count of conspiracy.

Government attorneys said Razete's firm, the Cincinnati Rayzetronics Co., received contracts totaling between \$5 and \$6 million.

Razete's attorneys offered no defense. They claimed the government had not proved the charges beyond a reasonable doubt. They said they would appeal.

## Opening of Casket Asked by Parents

CINCINNATI, Jan. 23—(AP)—Mr. and Mrs. Harry G. Turney have petitioned common pleas court for permission to open a casket to determine whether the body of a soldier being sent here from Korea is that of their son.

The soldier is Pfc. James P. Turney, reported killed in Korea on Oct. 10. John Bok, attorney for the parents, said the body first was buried in Korea and then moved to Japan. He said the parents were notified it had been "tentatively" identified as that of their son.

## Board and Members Meet

## Fairground Purchase Is Favored by Society

Efforts to acquire the Fairground here are to be continued with renewed vigor in accordance with a recommendation of members of the Fayette County Agricultural Society.

The decision was reached after discussing the Fair and long range plans for the future for nearly three hours when the board and members of the society got together at a called meeting.

The purpose of the meeting, it was explained at the start by Ray Brandenburg, the board president, was to acquaint the members of the society with status of the Fairground and the background of the negotiations for its purchase by the board.

The Fairground is now leased by the county, through action by the

county commissioners, from the Estella Scott estate and rented by the county to the Agricultural Society for \$2,250 a year, on a yearly basis.

BOTH DIRECTORS and members of the society expressed their views freely and frankly and, for the most part, they followed the same lines with few material deviations.

During the discussions it was emphasized that title to the ground would enable the board to go ahead with permanent improvements and carry out a maintenance program.

With the title vested in the society, it was agreed, a long range program that would perpetuate the Fair for future generations could be developed on a more solid basis.

In that connection, several members of the society pointed out that the trend of fairs today is toward bringing into active participation more young people and that the emphasis is swinging toward a broader program for youth.

IT WAS AGAINST a background of this thinking that the members recommended unanimously that a committee of directors be appointed to renew efforts to purchase the Fairground.

Brandenburg named H. H. Denton, Harry Silcott and Mac Dews on that committee. The three directors then assured the board and members of the society at the meeting that they would start work on their assignment without delay.

Such meetings as that Tuesday night for the members of the society have not been called often by the board, but no particular importance was given to this one.

"It was just that we (the directors) felt the members should be brought up to date on what the board has done and get their (the members) sentiment as the board plans for the future," Frank E. Ellis said in summing it up.

The Agricultural Society, whose main purpose is to put on the annual Fair, is made up of residents of both the city and rural areas of the county.

The directors are chosen by vote of the members during the Fair each year.

Two of the 13 directors were missing. They were Sam B. Marting and Robert Cannon.

Members of the society at the meeting were Mrs. George O'Brian, Eddie Kirk, Loren Hynes, Albert Cobb, Jess Maddux, Heber Roe, Clyde Smith, Joe Merritt, G. B. Vance, Frank Dawson and Jame Shoemaker.

## Water System Extension

COLUMBUS, Jan. 23—(AP)—County commissioners can extend present municipal water systems into nearby unincorporated territory. Atty. Gen. C. William O'Neill said commissioners can issue revenue bonds to finance laying necessary pipelines.

## OPA Official Speaker Here

Edward Hoon Talks  
About School Needs

Edward Hoon, director of field service for the Ohio Education Association, told members and guests of the Eastside Parent Teachers Association Tuesday night that it is possible for school building projects to be undertaken now.

"Anything that you want badly enough you can accomplish," the speaker, who is well versed with school building programs in the state, told his audience.

Hoon said that American people apparently want "cars more than schools."

"The needs of our children cannot be postponed to another year forever," the speaker said, describing the prevailing attitude that school building programs can be put off year after year.

Hoon spoke of the importance of having some of the highest paid teachers in the first grade classrooms since this year is the grade where pupils' earliest impressions are formed.

MEMBERS OF the Eastside Parent Teachers Association voted to sponsor a dance sometime in the near future. They also agreed to again sponsor the Johnny Dog-frey dance reunion.

The Eastside PTA also went on record favoring the sponsorship of a cub pack and a Blue Bird group.

Announcement was made that the city-wide PTA council will hold its Founders Day meeting Feb. 21.

To avoid a conflict with this date the Eastside PTA voted to hold its next regular meeting Feb. 26, with Miss Cordelia McCafferty and Mrs. Nell Paul in charge.

The meeting will feature a discussion on the W. C. McGuffey Reader.

The PTA has voted to take an active part in the torchlight campaign to raise funds to combat infantile paralysis (polio).

An announcement was made that the fifth grade pupils, taught by Miss Clara Davis, had won the attendance contest sponsored by the Eastside PTA.

Refreshments were served following the business meeting.

## Ray Lindsey Dies In Dayton Hospital

Ray A. Lindsey, 63, died in Grandview Hospital in Dayton, Wednesday morning following a comparatively short illness.

Mr. Lindsey was a native of Washington C. H. but had lived in Dayton for some time prior to his death.

When he was stricken with illness about a month ago, he came to the home of his brother, Frank Lindsey, 822 Sycamore Street, here, but when his condition became serious he was taken to the Dayton hospital in the Parrett ambulance.

Funeral arrangements, under the direction of the Parrett Funeral Home, have not been completed.

## M. B. Shank Dies In Los Angeles

M. B. Shank, who was well known here when he was manager of the old Ohio State Telephone Co. when it was merged with the Home Telephone Co. here about 35 years ago, died at his home in Los Angeles, Monday, according to word just received by friends here.

No details of his death, or illness preceding it, were given in the message.

Because of the many years he had lived on the west coast, friends here assumed the interment would be in Los Angeles, but they made it plain no information to that effect had been received.

"IT'S SO EASY TO PLACE A WANT AD"

## Mainly About People

Virgil Mossbarger of Greenfield, entered Memorial Hospital Tuesday afternoon, for medical treatment.

Mrs. Earl Childress, Route 1, was admitted to Memorial Hospital, Tuesday afternoon, for observation and treatment.

Mr. Joseph Evans, Route 2, Lynchburg, underwent a tonsillectomy in Memorial Hospital, Wednesday morning.

Mrs. Earl West of near Jeffersonville, was admitted to Memorial Hospital Tuesday afternoon for surgery Wednesday morning.

William Waller, nine years old, 219 West Elm Street, was admitted to Memorial Hospital Tuesday evening for an emergency appendectomy.

Mrs. Russell Ohler, 1104 Rawlings Street, was taken to Memorial Hospital, Tuesday afternoon, in the Parrett ambulance for emergency surgery.

Howard Hatfield, 15, ward of the Fayette County Children's Home, is recovering nicely in Children's Hospital, Columbus, after undergoing bone surgery Monday.

Mrs. May Boyd was brought from her home in Madison Mills to Memorial Hospital, in the Parrett ambulance, Wednesday morning, for medical treatment.

Richard Waters, 736 Washington Avenue, is reported to be recovering satisfactorily in Mt. Carmel Hospital, Columbus, where he underwent surgery Thursday of last week.

Seaman Apprentice Floyd Smith, Jr., son of Mr. and Mrs. Floyd Smith, Route 2, Greenfield, is stationed at the U. S. Naval Air Station, San Diego, California, with Patrol Squadron 731.

Norman Underwood, son of Deputy Sheriff and Mrs. Roy Underwood, who recently enlisted in the U. S. Air Corps, left Wednesday for Columbus, and from there he will go to San Antonio, Texas, for basic training.

## Blessed Events

Mr. and Mrs. Richard Kelly of Sabina, are the parents of a seven pound one ounce son, born in Memorial Hospital, at 9:31 A. M. Wednesday.

Mr. and Mrs. Russell Moore, 216 Circle Avenue, are the parents of a five pound fourteen ounce daughter, born in Memorial Hospital at 1 P. M. Tuesday.

A son, weighing seven pounds three ounces, was born to Mr. and Mrs. Marion Stanforth of near Greenfield, in Memorial Hospital, Wednesday at 10:58 A. M.

Mr. and Mrs. Robert Hoofstetter, nee Laura Schadel of Columbus, are announcing the birth of a daughter, Frances Ann, in Mt. Carmel Hospital, Columbus, January 12.

## Brandenburg To Seek GOP Post

Virtually Assured  
Seat at Convention

Ray Brandenburg, city, probably will have a ringside seat for the 1952 Republican national convention.

He has been chosen by Republican leaders in the sixth congressional district, of which Fayette County became a part this year, to be a candidate in the May primary as a delegate to the Republican national convention in Chicago in July.

Announcement of his selection was made today by Walter Sollars, Republican leader in Fayette County, who attended a meeting of key Republican leaders from the nine counties in the sixth district last Saturday in West Union (Adams County).

Accorded one vote for each county, the leaders voted to pick delegates and alternates from the Sixth District to the national convention. Pledged to Senator Robert A. Taft for the presidency of the United States, the men so named are virtually assured selection in the May primary to the positions to which they have been nominated.

Strong support for Senator Taft is found throughout Ohio, but the strength is particularly in evidence in this part of the Buckeye state.

BESIDES BRANDENBURG, Forrest Williams of Scioto County was named as a delegate, and Forrest Ely of Clermont County and Arch Hicks Jr. of Brown County were selected as alternates.

Selection of Brandenburg was hailed as somewhat of a political victory for Fayette County since this county is a newcomer to the sixth district. The nominations for delegate posts were much in demand in the sixth district, it was reported. Because of its heavy Republican vote Fayette County apparently carries considerable weight in the district.

While in the seventh congressional district, Fayette County succeeded in sending Forrest Anders to the Republican National Convention in 1948. Walter Sollars went as a delegate from the state at large the same year.

There have been no reports of Harold Stassen or Gen. Dwight Eisenhower supporters seeking convention delegates in the sixth district.

Wednesday morning, Brandenburg started circulating petitions which indicated that he was a candidate for election as a delegate to the convention and that he had named Robert A. Taft as his first choice as a candidate for the Republican party for the presidency and that Thomas A. Jenkins, veteran national congressman from Iron-ton is his second choice.

## Pickaway County Tops Fayette in Deposits

Pickaway County had total bank resources of \$21,700,389 in 1951, or \$4,545,633 more than the total resources of \$16,154,756 in Fayette County. Official reports of nine banking houses in Pickaway County show that they had \$19,780,648 on deposit, compared to \$15,168,245 on deposit in Fayette County.

## Wickel Funeral Will Be Thursday

Funeral services for Floyd Wickel, 41, of Mt. Sterling, who was killed in an auto accident at Park City, Ky., Monday evening, will be held at the Snyder Funeral Home in Mt. Sterling, Thursday at 2 P. M. Burial is to be at Mt. Sterling.

Mrs. Wickel, badly injured, was brought back in the Snyder ambulance, and will be able to attend the funeral, but will then be returned to the hospital.

Mr. and Mrs. Spencer Reno, also injured in the accident, it was stated, will be confined to the hospital at Glasgow, Ky., for several days. They were badly cut and bruised.

Reports state that an intoxicated driver pulled directly in front of the Wickel car and the vehicles met head-on.

Mr. Wickel operated a chinchilla farm near Mt. Sterling, and had 75 of the animals on his ranch.

In addition to his widow, he is survived by a daughter, Norma Jean, 13; his father, Loren Wickel, and two sisters, Mrs. Freda Foster and Mrs. Louise Crook, all of Mt. Sterling.

## Work Crews Remove Tree from Roadway

County engineer work crews were summoned to the intersection of the Worthington and Miami Trace Road Tuesday afternoon to remove a tree which had blown down about 2:30 o'clock. The crews had the tree removed from the roadway by 5 P. M. Traffic was blocked until the tree had been removed. A high wind was the cause of the tree being blown down.

## Airliner Crash

(Continued from Page One)  
ing approach to Newark Airport's runway 6 at 3:39 p. m. from a height of about 1,500 feet, using an instrument landing system, with an assist from the airport's radar. The ceiling was down to 400 feet and visibility was cut to three-fourths of a mile.

It was reported coming in on its

## Mrs. Martha Mark Dies in Hospital

Mrs. Martha R. Mark, 78, widow of the late Charles E. Mark who died in 1940, died at Memorial Hospital here at 7:35 o'clock Wednesday morning following a brief illness.

Mrs. Mark had been in relatively good health until last Thursday. When stricken suddenly then she was taken to the hospital.

She was a native of Ross County but had lived in Fayette County since early girlhood in the Staunton community. For the last 45 years, she had lived in Washington C. H. where her husband had a coal yard.

She was a member of the Methodist Church, the Daughters of the American Revolution and Eastern Star. She was active in both her church and other organizations as long as her health permitted and was a past matron of the Eastern Star.

She is survived by a son, Maryon Mark of near Staunton; a sister, Mrs. Annetta Rowe and a niece, Mrs. Jean Bookwalter, both of Washington C. H.; a nephew, Robert Bay of Columbus and a grand nephew, Pvt. Tom Bookwalter of Ft. Belvoir near Washington, D. C.

Funeral services are to be held at 2 P. M. Friday at the Hook & Son Funeral Home with Rev. A. W. Caley, pastor of Grace Church, in charge. Interment is to be in Washington Cemetery.

Friends may call at the funeral home after 7 P. M. Wednesday.

glide path. Suddenly, the plane dropped out of view of the radar scope and crashed.

The pilot, 33-year-old Capt. Thomas J. Reid, lived only three blocks from the spot where the plane crashed. His wife, Henrietta, said Reid had "just completed an airlift to Japan."

Mrs. Reid, mother of two children, is expecting a third child next summer.

An immediate investigation into the cause of the crash was launched by Joseph O. Fluet, regional director of the Civil Aeronautics Board, who only recently completed a probe of the Florida-bound C-46 crash here.

American Airlines said its accident record until the crash was 4.6 billion passenger miles flown since Nov. 29, 1949, without a fatality.

## STOP THAT ITCH

Don't Suffer Another Minute  
No matter how many remedies you have tried for itching eczema, psoriasis, infections, athlete's foot or whatever your skin trouble may be—anything from head to foot—WONDER SALVE and WONDER MEDICATED SOAP can help you. Developed for the boys in the Army—now for you folks at home.

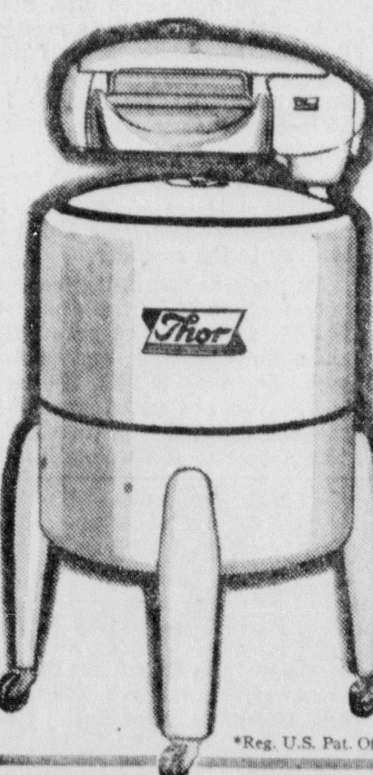

WONDER SALVE is white, greaseless, antiseptic. No ugly appearance. Safe for children. Get WONDER SALVE and WONDER ANTISEPTIC SOAP—results or money refunded. Truly wonderful preparations. Try them.

## The Nation Today

By JAMES MARLOW  
WASHINGTON, Jan. 23 — (U—) Some people, making out their tax return on 1951 income, are realizing how the tax has crept up and socked them.

Take a single man who has been making \$3,000 steadily for years. He finds the tax on his 1951 income was 17 per cent higher than on 1950 income and 22 per cent more than on 1949 income. And the tax on his 1952 income will be 33 per cent greater than the tax on his 1949 income.

The tax varies by individuals and income. For example: Take a single man who has been making \$15,000 steadily for years. The tax on his 1951 income was 12.5 per cent more than on 1950 income and 16.3 per cent more than on 1949 income. And the tax on his 1952 income will be 27.3 per cent above that of his 1949 income.

Here is how we got into this fix. After the war—taxes reached their peak in 1944 and 1945 — Congress cut taxes twice. But in the last 18 months, Congress has raised them twice.

The first cut was on 1946 and 1947 income. Then Congress cut still further on 1948 and 1949 income to the lowest postwar point.

But in the fall of 1950, after Korea, Congress upped the tax and then in the fall of 1951, boosted it again.

THAT TAX increase in late 1950 applied to the last three months of 1950. So the tax you paid in 1951, on 1950 income, was higher than the tax you paid in 1950 on 1949 income.

The increase approved in 1950, while affecting only three months of your 1950 income, was to take full effect in 1951, covering your income for all 12 months of 1951.

But when Congress stepped in again in the fall of 1951 with still another increase, it said the new higher tax would apply to the last two months of 1951 income and all 12 months of 1952 income.

So you can see how the tax you pay now in 1952 on 1951 income has shot up above the tax you paid in 1951 on 1950 income. And in 1953, when you pay your tax on 1952 income, it will be even higher than the tax you're paying in 1952 on 1951 income.

Before looking at some examples of how taxes have gone up, remember there's a difference between the percentage of your income taken by taxes and the percentage of increase in the tax itself.

Take Jones, single man, No dependents. Income, \$3,000. He claims only one exemption, his own. He takes the usual deductions. He's been making \$3,000 from the beginning of 1949 when taxes were at their lowest point after the war.

IN 1950 (on 1949 income) he paid \$373, which was 12.4 per cent of his income. So the amount of his income paid out in taxes went up only 0.6 percentage points. (Subtract the 11.8 per cent in 1950 from the 12.4 per cent in 1951.) But—the increase in his tax was \$17, which was an increase of .04 per cent over what he paid in 1950.

In 1952 (on 1951 income) he pays \$435, which is 14.5 per cent of his income, an increase of 2.1 percentage points in the amount of his income taken by taxes. But—he's paying \$62 more than in 1951, which is a 16.6 per cent boost in his tax over last year.

In 1953 (on 1952 income) he'll pay \$474, which is 15.8 per cent of his income going in taxes, an increase of 1.3 percentage points over this year. But—the increase over this year is \$39, a boost of 8.5 per cent.

Now compare the tax he'll pay in 1953 on 1952 income with the low tax he paid in 1950 on 1949 income.

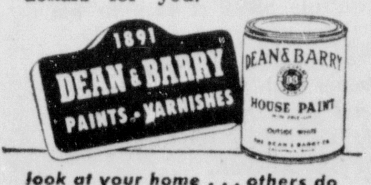

In 1953 he'll pay \$474 on his 1952 income, which will be 15.8 per cent of his income. This is a difference of only four percentage points over the amount of his income taken by tax in 1950 on 1949 income when he paid \$356, which was 11.8 per cent of his income.

But—in 1953 he'll be paying \$118 more in taxes on his 1952 income than he did in 1950 on 1949 income, which means an increase of 33 per cent in his tax.

## Rotarians Hear About Progress Of Hospital

Administrator and Other Institution Officials Present

A complete resume of the operations and services of the Fayette County Memorial Hospital, including a financial report for the last year, was given before Rotarians and guests at the club luncheon at the Country Club, Tuesday.

The speaker was Miss Christine Evans, hospital administrator, who presented her facts and figures in a very understandable way and held the close attention of her hearers. One listener stated that "this is the first time I have heard any speaker read and explain a lot of statistics and figures in a way to hold my attention."

Miss Evans was introduced by Ansel Kirkpatrick of the January program committee who introduced his other guests officially identified with the hospital. They were Willard Bitzer, chairman of the board of trustees, Dr. Hugh W. Payton, chief of the medical staff, and Dr. Byers W. Shaw, chief surgeon.

There were several other physicians, members of the hospital staff, and Marilyn Riley, a trustee present as regular members of the Rotary Club.

Ralph Penn also introduced a guest, George Pensyl, formerly identified with the hospital during its construction as secretary of the building board of trustees.

THE ADMINISTRATOR, during her talk, presented many facts including those which she said "you will see in Tuesday afternoon's Record-Herald" in the story of the annual report presented at Monday night's trustee board meeting.

In presenting Miss Evans for her talk, Kirkpatrick paid her a very fine compliment in stating that in his experience with various hospitals, he had never known an administrator to be doing as good a job, or of a hospital which was making a better record.

Miss Evans, in her remarks, gave credit to the medical staff, nurses, and all other workers at the hospital who had contributed to the progress of the institution.

She told of the campaign to secure the \$125,000 bond issue for building a new wing to provide more needed beds for the hospital. She related how Joseph Peters, Paul Rodenfels and Rev. Francis T. McCarty had headed a volunteer citizens committee of interested workers who were successful in winning public support in the countywide vote sufficient to approve the bond issue by a large majority.

THE RESULT, she stated, was gratifying to her and all others connected with the operation of

## 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three percent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Little Liver Pills. Second week—one each night. Third week—one every other night. Then—nothing!

Every day: drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Little Liver Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Little Liver Pills contain no habit-forming drugs.

Break the laxative habit... with Carter's Little Liver Pills... and be regular naturally.

When worry, overwork, or stress make you irregular temporarily—take Carter's Little Liver Pills temporarily. And never get the laxative habit.

Get Carter's Little Liver Pills, 37¢ at any drugstore today. You'll be grateful the rest of your life.

## Stock Car Racing In Prospect Here But Problems Faced

the hospital because "it made us feel that our efforts to provide good hospital service for the public were appreciated and had gained public confidence."

When she concluded her remarks President Ed Moser thanked her for making a very informative talk and commended her on "doing a grand job for a grand institution."

During the club's business session George Steen introduced the new student guest, Terry Bright. The outgoing student guest, John Dawson, made a clever talk in thanking the club for the privilege of attending meetings over a two weeks' period.

PRESIDENT MOSER called attention to the Rotary International convention in Mexico next May and asked any Rotarians here who planned making the trip to contact him at once.

He also urged that as many Rotarians as possible from the club attend the Rotary district convention to be held in Cincinnati on April 27 and 28.

Birthday greetings were sung by the club for Judge Harry Rankin and W. P. Noble, while they made contributions to the club "youth activities" fund.

## Relief Is Asked By Fremont Judge

FREMONT, Jan. 23.—(U—) Judge A. V. Baumann has asked to be relieved from conducting the trial of four men charged with lying at a hearing on a school board election.

The common pleas court judge said he had asked that a visiting judge be assigned to the trial because he expects to be called as a state witness.

The four are U. E. Diener, Fremont school superintendent and formerly of Van Wert; A. G. Coleman, school board member; his brother, Paul; and Dorsey Pardo, a former radio newsmen.

The grand jury indicted them, claiming testimony was false about a \$100 bill paid to a radio station here as a campaign expense.

"IT'S SO EASY TO PLACE A WANT AD."

picture when the Circleville Stock Car Racing Club voted at its last meeting to change the club's name to Four City Stock Car Racing Club.

The announcement of the inclusion of Washington C. H. in the projected four-city circuit and the change of the club name was made over the name of Dock J. Holder, the president of the club.

The other three cities are Circleville, Lancaster and Chillicothe.

The club has doubled its membership. Holder's announcement said and added that they all are "showing keen interest and anxiously awaiting the opening of the racing season."

Holder said the club membership is made up of enthusiasts of the sport in the four circuit cities and the smaller surrounding towns.

As for racing here, the Fair Board, especially the speed committee and grounds committee members, have long been reluctant to turn the race track over to any activity that might hurt it.

Horsemanship agree that the Fairground track here is one of the best in the midwest and the directors are reluctant to take any chances with spoiling it.

Montgomery GOP Gives Endorsement

DAYTON, Jan. 23.—(U—) The Montgomery County Republican Executive Committee Monday endorsed Sen. Robert A. Taft (R-Ohio) as the Republican candidate for President, and Mayor James A. Rhodes of Columbus for state auditor. The committee also en-

dorsed Sen. John W. Bricker, Congressman Paul Schenk, Secretary of State Ted W. Brown, State Treasurer Roger Tracy and Attorney General C. William O'Neill, and James G. Stewart and Francis Douglas for the state supreme court.

No candidate for governor or lieutenant governor was endorsed. The committee endorsed a slate of county candidates for the first time in 20 years.

## NOTICE EFFECTIVE MIDNIGHT JANUARY 23 - 1952

Due to higher operating costs the Try-Me-Taxi and the City Cab Company of Washington Court House, Ohio, find it necessary to increase rates as follows:

DALE'S

1952

Will More Fayette County People Vote?

Will more than half the eligible voters in Fayette County go to the polls in elections this year?

For some time about half the people in Washington C. H. and in the whole county have shown a careless attitude toward this important obligation. This has been the rule except on rare occasions.

True, people in this locality are no different from most parts of the country in this respect, but if voters of every city and county showed that they were sufficiently interested in their government, national, state, county and even city and township, there would be a feeling that fewer officials would be elected by default.

This year is an important one for this nation. Some vital decisions are to be made in policy. Both at the May primary elections when candidates of parties are named, and at the general election in November, men and women should make their views clear by their ballots.

In that way the choice of candidates will express the desires of the people in the nominations, and again at the general election when a choice will be made from among the nominees.

There are now nearly 100,000,000 Americans of voting age. The 1950 census reported the number as 97,416,365, a gain of more than 13,000,000 over 1940. Only one state, North Dakota, showed a decline of voting-age citizens. California had the largest numerical gain.

Popular vote for president in 1948 was slightly under 50,000,000. When only half the electors of a representative form of government cast ballots, it is indicative of an inclination to permit pressure groups to make the decision.

It is probable that the total vote this year will set a new record, but the percentage of the voting population that goes to the polls may not be larger than it was in 1948 unless efforts to increase the total are increased.

Our Diet Standards

Since the years preceding World War II, there seems to be no doubt, Americans on the average have enjoyed a better and more wholesome diet. This is credited primarily to a series of financial booms

that, even with rising prices, found the wage earner able to pick and choose.

It also, Dr. Karl Brandt, agricultural economist of Stanford University Food Research Institute, told a joint session of the American Economic Association and the American Farm Economic Association, is due to improved nutritional standards. They, he said, were brought about by a technological revolution in agriculture.

It is surprising to be told that Americans in the year just ended consumed an average of 248 pounds of meat and meat substitutes, which include pork, mutton, lamb, fish, eggs and cheese, or 23 percent more than in 1939. Consumption of carbohydrate foods such as grain and potatoes has declined 10 percent, and of fats three percent.

In the 1950-51 period, Dr. Brandt asserted, the grain fed to animals was 13 times that consumed by human beings in various forms.

Motor Car Taxes

Gasoline in France now costs motorists 80 cents a gallon, three times the average cost to motorists in the United States. The French gasoline tax, approximately the highest in the world, recently was advanced 18 percent, partly to penalize commercial trucks which compete with government-owned railroads.

Gasoline may never be taxed that high in the United States. Tax levies here have thought of so many places to slap tax attachments on automobiles that the gasoline tax is only a part of the revenue picture. Probably if all automobile taxes, direct and indirect, were concentrated on gasoline, the price of motor fuel would be more than 80 cents a gallon.

Some automobile taxes are justified because vehicles use the roads which must be provided for them. But many others are levied merely because revenue hungry politicians see the automobile as a handy gadget upon which to slap liens.

The year of decision has been postponed until 1952 for various reasons, with civilization still standing at the crossroads looking in all directions at the same time.

You Have Schwa--Now What It Is?

NEW YORK—(P)—How's your schwa?

Oh, come on now. You've got a schwa. Truman has a schwa. So has Eisenhower. Likewise Churchill, Yogi Berra, Senator Taft, Shirley Temple, Frank Costello. Everybody has a schwa because a schwa knows no barriers of sex, politics, class or geography.

Before you retire in confusion to the sports pages, let it be explained quickly why a schwa is. In a discussion of pronunciation, the Technology Review of the Massachusetts Institute of Technology says:

"Much of the variability in pronunciation of a given word arises from a strong tendency of some English vowel sounds to lose their individuality and to be replaced by a neutral sound

which phoneticians call the 'schwa.'"

You must understand, though, the schwa is not the phonetic spelling of the sound made. It is simply a name given by the experts to the sound.

A schwa, says the Technology Review, is the sound "produced by expulsion of breath with the vocal organs in a generally relaxed position" and "decidedly resembles a grunt or groan."

The review adds: "The schwa occurs frequently in even the most precisely spoken English. For example the vowels of 'above' can be pronounced in no other way. If the reader will say this word aloud, he can satisfy himself that both the 'a' and the 'o' are pronounced with the equivalent of a grunt."

By Saul Pett (Substituting for Hal Boyle)

Readers who try this simple test and do not come up with a grunt are earnestly advised to contact MIT. The review says, the schwa is replacing more and more vowels in both good and bad English. As a "random" example, the phrase, "Massachusetts Institute of Technology," was cited.

"When these words are pronounced with utmost formality," the review says, the schwa occurs in three additional places. The 'e' of Massachusetts, the second 'i' of institute, and the second 'o' in technology.

"Such free use of the schwa does not endanger intelligibility as the consonant framework of many words identifies them fully and the context makes meanings clear."

Civil Liberties under Constitution

In the long history of our people, more than 300 years upon this soil, the question of what is nowadays called "civil liberties" rarely arose. The normal American term for what is meant by "civil liberties" is the rights of the individual.

In the Declaration of Independence, this is stated in clear terms: "... That all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness ..."

In the Constitution, about 24 such rights are guaranteed to each individual. These rights may be summarized as follows:

- 1. Right of writ of habeas corpus.
- 2. Protection against the passage of bills of attainder and ex post facto laws.
- 3. Equality before the law by forbidding the creation of a titled class by prohibiting the federal government from granting titles of nobility.

4. Right to a speedy public trial in case of accusation of crime before an impartial jury at the place of commission of the crime.

5. Freedom of religion, press, speech, assembly and petition.

6. Right to keep and bear arms for national defense.

7. Protection against the unlawful quartering of troops.

8. Right to grand jury indictment before trial for a crime, and to be confronted with witnesses, and to have the compulsory process to obtain witnesses and the assistance of counsel to establish innocence.

9. Protection against unreasonable searches and seizures.

10. Protection against self-incrimination in any trial or the giving of testimony.

11. Protection against being twice placed in jeopardy of life or limb for crime.

12. Protection against cruel and unusual punishments and excessive bail.

13. Right to just compensation for any property taken for public use.

14. Right to trial by jury in civil cases.

15. Protection against being deprived of life, liberty, or property without due process of law.

16. Protection against the impairment of the obligations of contracts by the states.

17. Equal protection of the laws.

18. Guarantee of a Republican form of government in the state in which a citizen resides.

19. Protection from slavery and involuntary servitude except as punishment for crime.

20. Protection from abridgment by the states of the privileges and immunities of citizens of the United States.

By George Sokolsky

citizen meets the statutory and constitutional qualifications.

22. Right to freedom of entrance into and exit from a state.

23. Protection from domestic violence and foreign invasion.

24. Protection from the abridgment of the right to vote by a state on account of race or sex.

The individual American lives, on the whole, peacefully, without much regard to his rights, which he took for granted. He lived and let others live, avoiding controversy on the subject.

In the Yale law journal appeared an article some time ago which began with the paragraph: "Those who look to the government for protection or gain have long recognized the comparative inadequacy of individual action. They have learned that government will best serve those who merge their efforts into effective organizations."

In a word, according to these lawyers, Americans do not enjoy their constitutional rights, privileges and immunities unless a pressure group fights for them. This cannot be established as true in the whole of American history, although those who are excited about "civil liberties" usually begin their American history sometime around 1933, as though nothing had happened before then.

Actually, the pressure groups generalize from the particular, accepting an evasion of rights or an imposition of mob rule, or any other civic impropriety as normal to American life. It is much like assuming that the smoking of marijuana is normal to American life because a few dopes engage in it. They declare the abnormal to be normal and by such twists of fact and logic create confusion in our midst.

Diet and Health Drug Combination To Treat Kidney TB

By HERMAN N. BUNDESEN

A combination of drugs has shown some success in helping to clear up tuberculosis of the kidney. This type of tuberculosis is a severe and prolonged disease. It most commonly occurs when tuberculosis germs from the lungs spread to the kidney via the blood stream.

A strange fact about tuberculosis of the kidney is that, even cured, the condition may appear again in later years as an active disease, recurring at a different spot.

The symptoms of this disease may be pain over the kidney area, with blood and pus in the urine. The bladder is usually affected together with the kidney; in such cases there is frequent pain and burning on urination.

Many methods of treatment have been tried with fair response, but none has had overwhelming success.

One of the chief reasons why this infection is so hard to cure is that there is a waxy covering around the bacteria of tuberculosis. This substance protects the germ from the medicines used to destroy it.

Drugs Combined

Streptomycin has been about the

best drug used in fighting this disease, but a considerable number of patients are not helped by streptomycin alone. It has been found that in many of these cases a drug known as chaulmoogra oil, combined with streptomycin, helps destroy the germs causing tuberculosis of the kidney. Treatment with this combination must be continued for from 30 to 45 days before improvement is noticed.

Sometimes the addition of a third drug to the combination gives the most effective treatment. Diasone and PAS have been used in this way. The results in over 100 cases have shown that either Diasone or PAS, combined with streptomycin and chaulmoogra oil, is highly successful in eliminating tuberculous infection of the kidney.

QUESTIONS AND ANSWERS

J. W.: What is palpitation of the heart?

Answer: The condition to which you refer, namely, your ability to feel your heart beat, is known as palpitation of the heart. A common cause of this condition is chronic constipation. Overeating or too rapid eating may also bring it on.

Nervousness is a very frequent cause of palpitation. Sometimes it is brought about by the excessive use of tea, coffee, tobacco or

# Girl Here Handicapped by Polio Makes Appeal for March of Dimes

A 15-year-old Washington C. H. girl who was stricken with polio two and a half years ago, today made a plea for support of the March of Dimes campaign here which will reach its climax Jan. 31 with the "Mothers' March of Polio."

Beverly Baer was a member of the WHS band and had made that memorable trip with it to New York not long before the dreaded malady struck.

She was active in all of the school affairs, full of fun and vivacious. Suddenly and without warning, it came. She was rushed to Children's Hospital in Columbus where she was given treatment according to the latest methods. Since then she has been to the Warm Springs, Ga., Foundation and now back home. . . and all the while under treatment.

Now she is leading a normal

life—or as nearly a normal life as a young girl can lead from a wheelchair.

IN SPITE of the handicaps given her by polio, Beverly has her hobby in music and her interest in horses. In her spare time at home, she entertains her two younger brothers, Tommy and Billy.

She is a freshman in Washington C. H. High School. Her girl friends take turns pushing her to school each afternoon and boys of the high school do the same in lifting her up and down stairs.

She enjoys shopping and meeting her friends uptown for a snack at a soda fountain after school.

But, although Beverly, the daughter of Mr. and Mrs. Louis Baer, 421 East Market Street, doesn't miss much of the normal life of a teen-age girl, she knows what infantile paralysis is, how it can alter a life and what courage it takes to overcome its effects. That is why, she said, she wanted to do what she could to impress the people here of the importance of their contributions to the March of Dimes campaign against the malady that strikes without warning at young and old.

BEVERLY'S OWN appeal, written with her own hands, follows:

"I have a very special reason for wanting to tell you about the March of Dimes.

"As some of you know, I had polio two and a half years ago. After I was stricken I was taken to Children's Hospital in Columbus. During the six months while I was there, 175 patients were admitted with polio.

"I have seen how the money people donate to the March of Dimes actually helps tiny babies, boys and girls, men and women, who are suffering from polio. The financial burden in most cases is more than the average family can pay. The Fayette County chapter of Infantile Paralysis Foundation and all other chapters in the U. S. are only too willing to help with hospital expenses and treatment.

"The iron lung helped me breathe for over three and a half months. The cost of each lung is \$1,500, and the operating expense is at least \$10 per day. There were ten lungs operating most of the time during my stay at Children's Hospital. Hundreds of polio patients have been saved by the use of iron lungs which your contributions have helped to purchase.

"Later on, I went to the Warm

# Trap for Burglar Leads to Killing

CLEVELAND, Jan. 23.—(P)—Detective Charles Tuite, detailed to a gasoline station which had been repeatedly burglarized, shot and killed a man early Tuesday who broke a window to gain entry.

Police could not immediately identify the man who died instantly after being hit in the chest with a charge from a 12-gauge shotgun.

Tuite and Detective Robert Walsh were in a back room when they heard a window break at the service station.

"This is the police, we got you covered," they said they yelled. When the man made a break for a door, Tuite said, the policeman fired.

One of the world's most impenetrable jungles is located in Venezuela.

# City and County School Teachers To Hear about Retirement System

Teachers in both the Washington C. H. and Fayette County school systems are going to have an opportunity next Monday night to learn first hand about the changes that have been made in the laws affecting the state Teachers Retirement System.

L. D. Shuter, the executive-secretary of the state system is coming here then to explain the system and the changes made by the last session of the Legislature to a joint meeting of the city and county teacher.

The joint meeting, which was arranged by the Delta Kappa Gamma teachers society, is to be held in the Little Theater of the high school building. It is scheduled to start at 8 P. M.

In view of the importance of the teachers retirement program to the nearly 175 teachers in the city and county systems, a spokesman for Delta Kappa Gamma said a full attendance was both hoped for and expected.

BOTH THE TEACHERS and the schools contribute to the retirement

fund, it was pointed out. And, partly for this reason, special invitations have been sent to the school administrators—the five members of the city school board, the 55 members of the 11 district school boards in the county system and the five members of the county school board, the superintendent of the city schools, Stephen Brown, the superintendent of the county system, W. J. Hilly, and the superintendents of the four main school districts in the county system, G. H. Biddle at Bloomingburg, Harold Thomas at Good Hope, Ralph McFarland at Jeffersonville and Milford Barker at Madison Mills.

Some of the district boards have clerks who are not members of the boards and they were included with the board members.

The society spokesman said it was felt that the explanations the state executive-secretary would be of special interest to the board members because of the changes in the laws governing the retirement system.

THE MEETING also is to be open to teachers now retired who might want to be brought up to date on the new rules and regulations, too.

Although the meeting is sponsored by Delta Kappa Gamma, the part of the society in the meeting itself was minimized by both the

# Big Balance In Water Fund

## Circleville Reports Huge Sum

Circleville's water department completed 1951 with a balance of \$69,529.24, as shown by the annual report made to the city council.

Circleville purchased its plant from the Ohio Water Service Co. several years ago.

The report showed the total operating revenue balance at the end of the year to be \$26,756. Balance at the beginning of 1951 was \$14,634. The net operating income was \$12,122.

Deductions for operating expenses, capital expenses, transfer to sinking fund and incidentals totaled \$60,027.

The report showed that the municipally owned plant now has 2,613 water customers compared with 2,395 at the beginning of the year. During the year 3,070 feet of new

water lines were installed. The report showed many improvements during the year.

president, Dr. Ruth Teeters and the secretary, Miss Gladys Melson.

They both made it plain that "this is a joint meeting for all the teachers and administrators of the city and county schools and not just a Delta Kappa Gamma meeting."

Leo Whiteside, principal of the Sunnyside School and president of the City Teachers Association, probably will preside, it was said.

# Bakery To Hold Union Election

## IBM Is Made Target In Anti-Trust Suit

NEW YORK, Jan. 23.—(P)—Gov. Ernest civil anti-trust suit has been filed against the International Business Machines Corp., largest manufacturer of tabulating machines in the world.

The suit, filed Monday in federal court here, charges IBM "has unlawfully restrained and monopolized the tabulating industry in the United States" in violation of the Sherman Anti-Trust Act.

CINCINNATI, Jan. 23.—(P)—The National Labor Relations Board Tuesday called for an election Jan. 30 for certain employees of Pennington Bros., Inc., a Washington C. H. bakery, on the question of a collective bargaining representative.

Jack G. Evans, regional director of the NLRB, said 85 inside production, wrapping, packing and shipping employees, cleaners, and janitors are eligible to vote.

The Bakery and Confectionery Workers International Union of America, Local 57, AFL, has petitioned for the right to represent the workers.

## Miss Ruth Engle Is Honored at Farewell Party

Mrs. Wayne Bower entertained at a delightful dessert party Tuesday evening which was in the form of a farewell party honoring Miss Ruth Engle former president of Alpha Theta Chapter of Epsilon Sigma Alpha Sorority who leaves soon to make her home in Columbus.

Those included were members of the sorority and two special guests and Mrs. Bower seated her guests at five small tables for the tempting dessert course with attractive central adornments of small vases of jonquils the sorority flower.

Featured in the delectable course was ice cream molds of four leaf clovers with the inscription "Good Luck".

Court Whist was the game enjoyed during the remainder of the evening and awards were presented Mrs. Charles Snyder who was

## Engagement Is Announced

Mr. and Mrs. C. Randolph Yeager, 4138 Ellison Road, South Euclid, Cleveland, are announcing the engagement of their daughter, Barbara Lou, to Robert A. Lowden, son of Mr. and Mrs. George A. Lowden of Miamisburg.

Miss Yeager is a niece of Miss Jane Durant of this city, and during her visits she has made many friends in this city, who will be greatly interested in the announcement.

She was a student at Denison University for two years, where she was affiliated with Kappa Alpha Theta and is now attending the Cleveland Institute of Art.

Her fiancé is a student at Denison University in his junior year where he is a member of Delta Upsilon fraternity.

No definite date has been set for the wedding.

## Better Phone Service Ordered in Defiance

COLUMBUS, Jan. 23 — (AP)—The Northwestern Telephone Co. of Defiance was ordered by the Public Utilities Commission of Ohio Tuesday to complete installation of eight automatic toll boards by July.

The order was the commission's answer to complaints filed by the Defiance Chamber of Commerce, seven Defiance industries and one individual.

The order also calls for the tele-

phone company to file reports within 10 days on installation of 400 new lines and on relief offered for congestion on 100 older lines. This was promised by the company at hearings last May.

## Stillman Is Honored

COLUMBUS, Jan. 23 — (AP)—Ohio State University's social administration building has been named Stillman Hall in honor of the late Dr. Charles C. Stillman, former director of the school of social administration. Dr. Stillman died Jan. 5.

## NOTICE OF ANNUAL MEETING

The Annual Meeting of the Community Chest of Washington C. H. and Fayette County, Ohio will be held Monday night, January 28th, 7:30 P. M. at the Chamber of Commerce office. All contributors to the Community Chest are invited to attend this meeting. Reports will be given and five directors are to be elected.

# Voting Headache In Hall of Fame

## Time of Play One Of Major Factors

By FRANK ECK  
NEW YORK—Age has caught up with Casey Stengel!

The manager of the world champion New York Yankees is ineligible for the Hall of Fame, under present rules.

The Baseball Writers' Association of America ballot, sent out to ten-year members, includes this directive:

"Vote for any player active from 1926 to 1950 inclusive. Vote for players only. No one active as a player in organized ball in 1951 is eligible. No players who finished their careers more than 25 years ago are eligible in this popular election."

CASEY, 61, quit playing in 1925 after 12 games with the Boston Braves. He had played 15 seasons as an outfielder with the Dodgers, Pirates, Phillies, Giants and Braves. Later he managed the Dodgers and Braves before leading the Yankees to three out of three world championships.

Stengel belongs in the Hall of Fame. He was the big World Series hero for the 1921 Giants when they beat the Yankees, five games to three.

But Casey now is ineligible for the Hall of Fame because he hasn't played in the last 25 years. It's a ridiculous rule; the line has been drawn too fine. Ol' Case didn't have much chance of making the Hall of Fame because he drew only eight votes from among 226 ballots cast last winter. But it's the principle of the thing.

Mel Ott and Jimmy Fox, with 187 and 179 votes, respectively, were voted in last winter. At least 170 votes were necessary for election to the Cooperstown shrine.

Paul Waner with 152 and the late Harry Heilmann with 153 both barely missed. They ought to make it in February when the ballots are counted. A player's name must appear on three-fourths of the ballots. Each ten-year baseball writer is permitted to name 10 former players.

THE RULE THAT "no player active in 1951 is eligible" means

# Jeff's Tigers Lose Game at Frankfort

Jeffersonville's Tigers met Frankfort on the Frankfort court and came out on the short end of a 79 to 55 free scoring game Tuesday evening for their eighth loss in 17 games.

Both teams opened the game in high gear with Frankfort going to the front after the lead had changed hands a couple of times. Frankfort led 22 to 18 at the end of the quarter.

The Tigers tried hard to regain the lead, but they weren't able to keep up the pace. Frankfort, from the second quarter on, piled up the points.

At the end of the third frame the hosts were holding a substantial 24 point lead and from then on they had to do was coast.

Roger Stockwell led the Tiger scoring with 16 points while Frankfort's forward, Ragland, copped the game honors with 24 tallies by faking in under the net for layups.

The Tiger Reserves made the opening game interesting for Frankfort's Reserves, but they came up five points short in the 36 to 31 score. David Reid led the Tiger scoring with 11 points.

The Tigers will take a breather this coming Friday, but will be back in action against Sedalia on their home court next Tuesday.

# Bloomington Loses Close One to Darby

Bloomington's Bulldogs took their fourth loss in 14 starts in a thrill packed, 63 to 61, game at Darby Township Tuesday evening.

Both teams were evenly matched, with the Bulldogs pulling into a 15 to 10 lead at the end of the opening quarter.

The Bulldogs came back and at halftime they held a seven-point, 27 to 20, lead. This lead was cut by the Trojans in the third quarter to three points, but in the early part of the final stanza the Bulldogs added to their lead.

With a minute to go the Bulldogs held a 61 to 57 lead, but the Trojans sank a basket and started to pull up. Bloomington missed a couple of free shots and the Trojans galloped down for two more points to tie the game at 59-all.

With only seven seconds left, Downs, Trojan forward, let loose a shot that swished the net for the winning two points.

Dan Weaver aided the Bulldogs with 22 points to cope the team and game honors. Ron Kennard led the hosts with 11 points—Downs and Borror followed with 10 points.

The Bullpup Reserves opened the evening with a 34 to 26 win over the host Reserves. Oliver Iden led the winners with 11 points.

Next game on the Bloomington schedule will be at Madison Rural Friday evening.

# Good Hope Cagers Win at Bowersville

Accuracy at the free throw line gave Good Hope's Mad Anthony's a 41 to 38 victory at Bowersville Tuesday night and broke a six-game losing streak.

Although outscored from the field, 32 to 28, the Good Hope cagers made up for that by connecting on 13 of their charity tosses while the Bowersville boys were

## Kefauver-Taft Race Predicted by Brown

SPRINGFIELD, Jan. 23 — (AP) — Rep. Clarence Brown says he considers a Taft-Kefauver race for President a strong possibility.

Brown, seventh district congressman and a strong Taft supporter, said:

"I think President Truman may have lost his own party. If he has, watch out for Kefauver."

About General Eisenhower, Brown said, "I don't think Eisenhower or anyone else will be nominated if they don't come out and fight for it."

## Bender Running Again

CLEVELAND, Jan. 23 — (AP) — George H. Bender, Ohio congressman-at-large, has filed petitions seeking the Republican nomination to run for congressman from the 23rd District here. The congressman-at-large post was abolished during the last redistricting.

**DAILY CRYPTOQUOTE—Here's how to work it:**  
A X Y D L B A A X R  
is LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
